PPP in Lithuania 2022

PPP Competence Centre of Lithuania

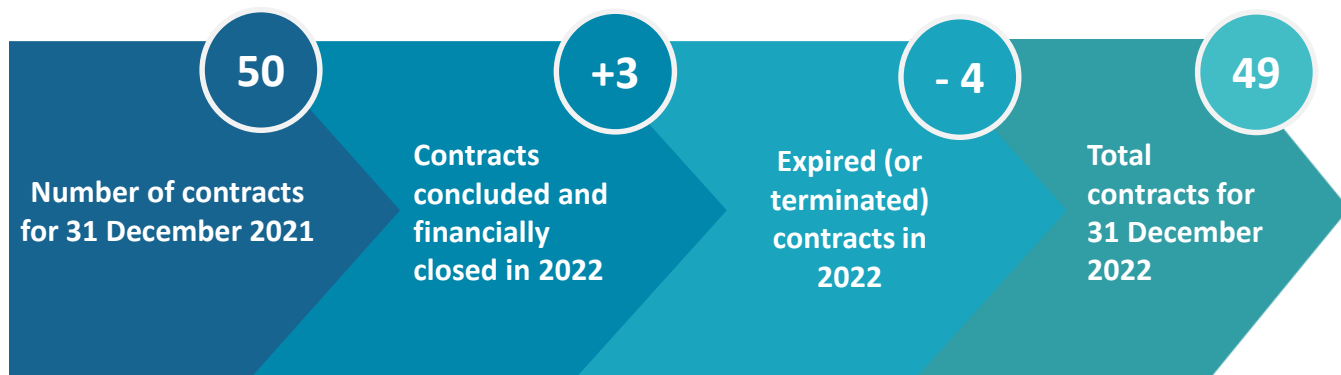

PPP IN LITHUANIA BY AREA

Valid PPP contracts until 31 December 2022

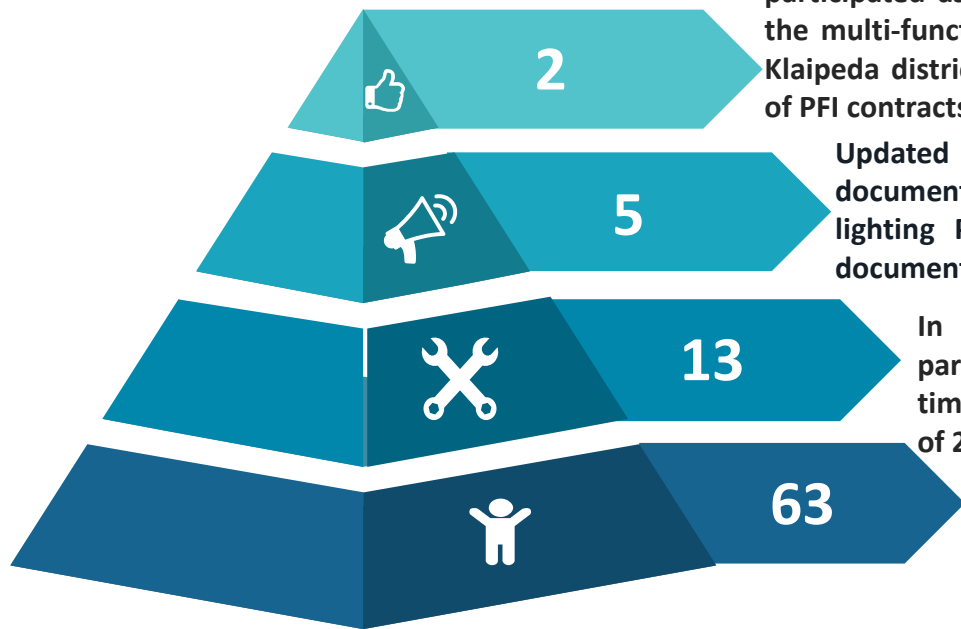

11 PFI contracts and 38 concessions

Change in the number of valid PPP contracts since 31 December 2021

Activities of PPP Competence Centre in 2022

Successfully completed the procedures for the selection of a private partner to implement the Šiauliai police commissariat construction project, and also participated as experts in the selection of a private partner to implement the multi-functional center construction project in Sendvaris eddership of Klaipeda district municipality. Both procedures ended with the conclusion of PFI contracts.

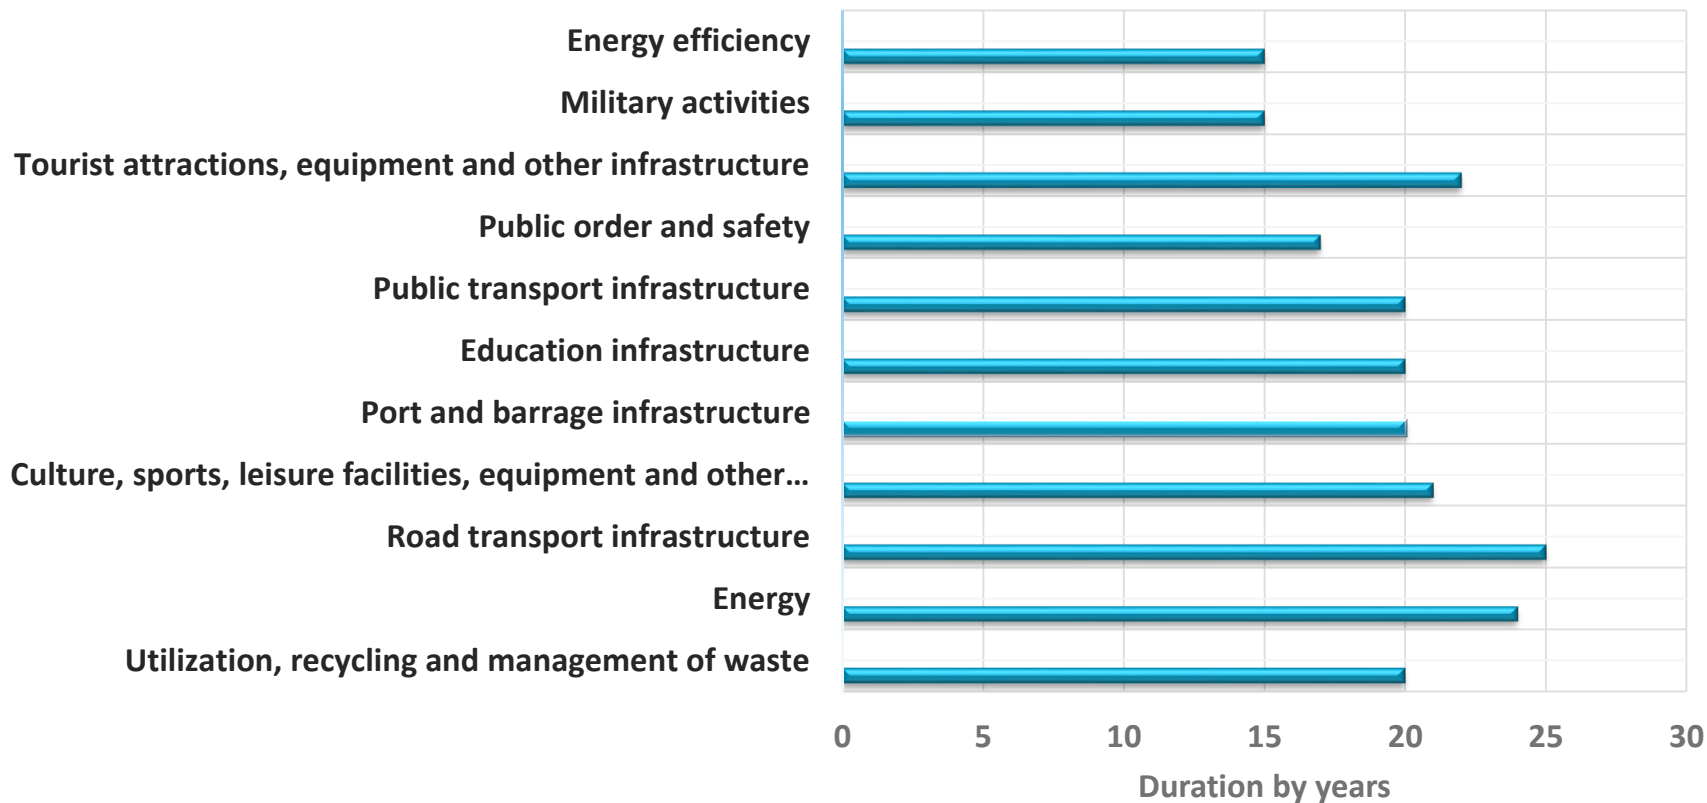

Updated private partner selection documents (PFI, Concessions and documents, which are adapted to specific objects - Schools and Street lighting PPP projects) and prepared new private partner selection documents for energy efficiency PPP projects.

In 2022 assessed the economic and social benefits of 13 partnership projects (the projects were returned for revision 13 times, the assessment of 10 projects was positive ant assessment of 2 projects was negative).

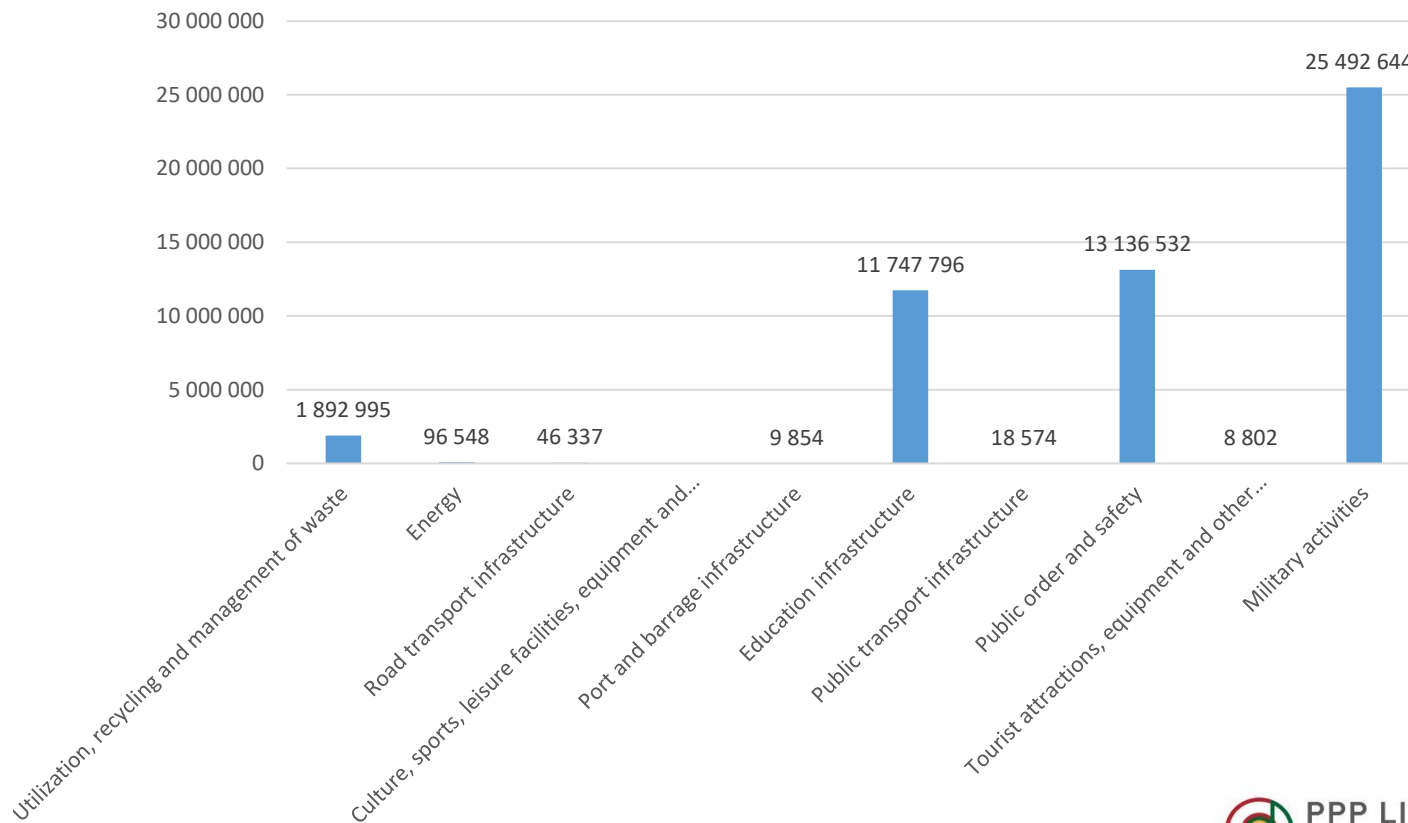

Experts of the PPP department organized 3 trainings on PPP topics and during them trained 63 representatives of state and municipal institutions*.

* In 2023 it is planned to prepare and publish video trainings on PPP topics so that the trainings are available at any time.
